

# HERE'S the SCOOP

January 8-12

## Look What We're Learning

**Reading:** This week we will introduce a new text structure. Students will be reading nonfiction texts that compare and contrast. They will find similarities and differences to create Venn diagrams. Additionally, students will complete constructed responses by supporting their opinions with details from the text.

**Math:** In math, we will continue to practice computation (addition, subtraction, 2x2 multiplication, 4x1 multiplication). We will also continue to practice problem solving when given a word problem. This week, we will finish up our unit on measuring angles and using protractors.

**Grammar & Writing:** In writing, students will continue to work on their persuasive writing by building a strong argument for their opinion. Once their writing is complete they will begin revisions. In grammar, students will learn about coordinating and subordinating conjunctions.

**Vocabulary:** Our vocabulary quiz this Friday will cover suffixes. There will be 10 vocabulary words using suffixes students should study this week. The list is on the back.

## **Some Notes...**

The third grading period ends Friday, January 12. Progress reports will not be sent home, but they will be available to view on Skyward.

We hope you had a wonderful Winter Break with your family and are excited to be back at school!

## Contact

**Salk Elementary 650-5304**

Ms. Dublak	ext. 6474
Mrs. Harrell	ext. 6460
Miss Kagebein	ext. 6485
Mr. Michniewicz	ext. 6461
Ms. Shultz	ext. 6446
Mrs. Williams	ext. 6440

## Events

**Monday, January 8**

- Reading Homework  
"Applecreek Orchard"

**Wednesday, January 10**

- Math Homework "Determining Angles with Protractors/Finding Perimeter and Area"

**Thursday, January 11**

- Early dismissal 1:25
- Study vocabulary for quiz tomorrow

**Friday, January 12**

- Wear Spirit Wear/Purple
- 3rd grading period ends
